

LIGHTING, MULTIROOM AUDIO & VIDEO

One beautifully simple way to control the whole home.

Lighting, music, television, cinema, CCTV and intercom - together.

SEND US YOUR FLOOR PLAN

Complete the fillable project planner inside and email it with your plans.

See, hear and control every space.

A Control4 touchscreen becomes the simple interface for the systems that make the home comfortable, secure and entertaining.

01

Lighting and scenes

Dim individual circuits, recall scenes, change colour temperature, control Vibrant linear lighting and coordinate blinds.

02

Multiroom audio

Choose a room, select a source and play music through discreet ceiling, in-wall, freestanding or outdoor speakers.

03

Television and cinema

Control televisions, projectors, motorised screens, lifts, sound systems and one-touch cinema scenes.

04

CCTV and intercom

View cameras, receive smart notifications and answer the front-door intercom from touchscreens and mobile devices.

Send us your floor plan.

Complete this form, save the PDF and email it with your floor plan to sales@riversideav.co.uk. We will use it to prepare your consultation.
